NO NAMES MENTIONED.

Delegates to the Sliver Bow County Convention Uninstructed.

BUTTE, May 29.—Although there was a contest at three of the democratic primaries last evening, yet the matter of a choice as to the party's candidate for president does not seem to have entered into the question. No one mentioned the name of a presidential nominee at the primaries, although these primaries are the only places where the people have anything to say as to the man who shall be the next president. The demo-crats of the county last evening delegated their choice in this matter to 183 men, who will meet next Tuesday and delegate their choice to rep-resentatives, who will go to Bozeman and resentatives, who will go to Bozeman and there intrest their choice to six men who will go to Chicago. When there was oppo-sition shown last night, it does not appear that in any case was there a movement in favor of any particular presidential caudi-date, but the fight was only the result of some ward jealousy or other. The dele-gates selected by the committee, who in some ward jealousy or other. The delegates selected by the committee, who in most cases were elected, were apparently selected at random and totally without regard to presidential choice. Of the 10 delegates elected in one ward, a poil was taken to-day and the result showed the first choice of eight for president to be Hill, one Gorman and one Paimer. It is said that an effort will be made by some in the convention to have the delegates to Bozeman instructed to do their utmost to pledge the state delegates for Hill. This course, however, is unlikely and it is generally believed that the delegates will be uninstructed.

There seems to be a difference of opinion as to whether the delegates to the present convention will hold over to a later convention to be held in September to nominate county officers, or whether its duties will cease with the choice of delegates to Bezeman. This matter will probably be determined by the convention uself which will meet at noon on Tuesday at Renshaw hall.

The primaries of the people's party will be held in this county next Thursday.

Philipsburg's Aggrieved Ball Players Leave the Field.

GOSMAN THE ONLY UMPIRE

Great Deal of Hearty Kicking-Snow and Rain In-terferes With the Game.

BUTTE, May 29.—Charles Gosman, who forgotten a good deal ball, started to umpire the ween Philipsburg and Butte his anxiety to treat Philipsr he gave the home worst of it from the ave three manifestly unfair degave three manifestly unfair de-succession which robbed Butte t two runs. The visitors had say about these, however, but unintentionally gave a decision em they turned in to a howling left the field to the intense dis-tense 1,300 people present. It is not hat Gosman is a good umpire, ck of judgment was no excuse play of the visitor. If the g boys would drop their kicking ball they would win plenty of at the same time make friends enemies. But they don't seem to do it.

The game started out well and would have been a close and exciting battle had it not been for the unfortunate row. Butte

went to bat first and went out in one, two, three order, Wilson flying out to Wisecarver, cleason fanning out, and Smith going out from Hughes to Smith. The visitors were more fortunate in their half, McMillan led off with a hit, Smith flew out to Bright, and Whiteley sacrificed to the same player. Then Wickizer rapped out a single, and the little red headed captain chased a run across the plate. Hughes rapped a hot one to Bright and the ball ran up his leg and fell into Smith's hands a quarter of a second later went across the diamond like a shot and the side was out.

Butte got a couple herself in the second. McCormick struck out, but Wickizer dropped the ball and Smith followed suit, and the runner was safe. "Mac" promptly stole second and went to third on Hughes' error, which gave Bright a life at first. The new shortstop then sole second. Harkness struck out and Flannery fouled out to Hughes. Then Desmond, the new second haseman, got a chance to show what he could do, and he took advantage of the opportunity by rapping out a red hot single which McCormick and Bright secured. The runner went to second on the throw in and stole third as neat as could be, but Gosman called him out for some unknown reason. For the visitors Hill led off with a hit, Gibson struck out, Wiscearver was thrown out by Bright and Quivey flew out to third. In the third Burns got to first on McMillan's error, but died there; Wisson and Smith struck out, Whiteley hit safe and Wickizer reached first on Harkness' fumble; Hughes struck out. Whiteley hit safe and Wickizer reached first on Harkness' fumble; Hughes struck out. The decision was manifestly unfair, but Captain McCormick and for the half struck as to defend the word of the half struck as to defend the same was a safely perched on first, He was standing on the bag for at least two seconds before the ball struck Smiths hands, but the umpire called him ou

SCORE BY INNINGS.

Diamond Dust.

Bright and Desmond, the two new men, created a decidedly favorable impression. Bright covers more greund than any shortstop who has ever played in Butte and he gets the hall across the diamond in good shape. He is also a clever base runner and stole second the first time he got to first without a shadow of evertion. Desmond had no chance to show what he can do in the field, but he handles himself like a ball player, and his timely single brought in the only runs that Butte got. Butte now has what is undoubtedly the strongest infield of the league.

Wilson caught a great game and saved Harkness a couple of wild pitches. From the way in which the visitors hugged first it is quite evident that they have heard about Wilson the way have heard about Wilson the couple of wild pitches.

it is quite evident that they have heard about Wilson's throwing to bases. Harkness pitched a good strong game and worked hard to win. If Rosenbaum had umpired the game

all through there would have been no kicking and Butte would have won it. Butte and Philipsburg play again to-morrow and Rosenbaum will umpire. This means that there will be no more of to-day's work.

The league will never be as successful as it ought to be until three regular professional umpires are employed for the season and given power to fine players for not doing as they are told. The league cannot afford to lose any time in taking this step.

cannot anord to lose any this step.

Hoover, who was to have caught for Philipsburg to-day, was suspended last night for drunkenness and left at home. Wiscearver, the visitor's pitcher, is a rattling good one, and ought to be with a club composed of ball players—not rag

club composed of ball players—not rag chewers.

A word to the directors of the Butte Athletic association. If you expect the base ball reporters to do themselves and the game justice it would be a good idea to fix up the alleged press box which occupies a prominent position in the grand stand so that it will be what the name indicates, and not a resort for inquisitive small boys. Put a fence around it and fix it so that it will be of some use to those for whose convenience it is intended, and the reporters will rise up and call you blessed.

BOZEMAN WINS.

Great Falls' Team Plays Good Ball, but Fall Short of the Mark.

Special Dispatch to the Standard. BOZEMAN. May 29.-Notwithstanding a cold wind and repeated showers this after-noon, about three hundred people turned out to witness the first game of ball be-tween the Great Falls and the home team. The grounds were in splendid condition and both the clubs were in the best of trim for playing, and the result was an interest-ing game. The boys from the Bay city never grew too big for their clothes, but they car play ball all the same, yet they are not in it with the Bozeman boys. The game was remarked by heavy batting. Hearn and Porter made home runs. Joe Moffett made a three base hit. Umpire Mullen gave splendid satisfaction. Arthur Cutting acted as official scorer. The de

You cannot tell what a wonderful difference it may possibly make in the quality of the ingredients used. If these are not first class in every particular; if they are not wholesome, pure, and up to a proper standard as to strength, their efficacy may be seriously impaired, and damage, instead of good, be among the consequences.
